R. A Question No 181 June 42

Re Rural water supply Estt for making permanent

General and Revenue Secretariat | File No | of 194 | [App F III—2

Serial No

It is submitted that there is a representation by one D Shaik Ahmed of Doddabalapur (R A member) as regards to making the temporary Estt of the W S Dept known as the work charge estt permanent and giving them a refund to improving their prospects etc. The said representation is lower more comprehensive than the question on the subject which confines itself to the Rural water supply estt attached to Bureau of Sanitary Engg. The Dy H L has stated that the representation discloses a genuine defect which has to be remedied before long and he has promised to submit proposals on this behalf.

2 As clauses (b) & (c) of the question have since been dealt with it is for orders of the Govt regarding to clause (a) proposed by the Dy H L may be adopted

Govt 16/5

3 The proposed Govt reply is suggested for consideration

Dy 16/5

4 When the Bureau was started the number of installations under its control were few. As the number of hands employed in the said installations were not also many, their services have all along been the

OFFICE OF THE MINISTER FOR L S G & P H Date 11 2 43 No 6319

Confirmation of the establishment of water supply installations of villages in the State of Jaipur

From the Director of Public Health

No C 8 27 dated 23 2/43

Submits proposals for the confirmation of the establishment of the Jaipur water supply installations in the State under the control of the Bureau of Sanitary Engineering

29) The letter of the Dy Sec is for perusal

) The proposal is based to involve a monthly recurring extra cost of Rs 1101/3 or Rs 13216/- per year. As this involves the payment of recurring charges in excess of the provision now made in the annual maintenance estimates of waterworks of the villages the local bodies concerned will have to be consulted before action to confirm the establishments can be taken

No C 2 564 dt 22-6-44

states that the information required by the Dist Board, Tyre, the matter has already been sent.

90) The information so far received has already been consolidated. A note summarising the case will be putup and subs very soon. In the meanwhile, the information from the Tyre Dist Board may also be obtained - A dft under is putup.

91) 1) Immediate

2) PL putup the note reqd

24/6

for 7/6/44

Letter No 3355 dt 26-11-44 from the D C. Tyre on the subject

92) A note on the question of placing on a permanent basis the establishment attached to the water supply works under the Bureau of Sanitary Engineering is put up, as follows

93) The question of placing on a permanent basis the services of the establishment attached to the water supply works of the Local Bodies under the control of the Bureau of Sanitary Engineering which is being continued as work-charged establishment, was brought to the notice of Govt by means of interpellation and representation at the R A bud sessions, 1942.

94) The question of making the establishment permanent was ordered to be examined by the D P H who has submitted certain proposals in this behalf, as repeated at seen therefrom that there are at present under the Bureau of Sanitary Engineering including the K & 7 Vamanilas and Shimoga water works, 32 water supply installations the staff of operators and drivers of the K & 7, Vamanilas and Shimoga water works are borne on the permanent establishment of the

P.W.D. The services of the other work charged establishment in these water works are not pensionable. The services of the operating staff of the other water supply installations are not also pensionable and their pay is financed entirely by the Local Bodies.

95) The D.P.H. proposes to bring on the permanent establishment the operators, drivers, asst operators, asst drivers, fitters, helpers drawing Rs 16/- pm and above. The installations have been classed as I, II and III according to the amount of their annual maintenance charges and he proposes to give grades on a par with those prevalent in similar installations under the control of the P.W.D. The proposal is said to involve a monthly recurring ~~expenditure~~ extra cost of Rs 1101 $\frac{1}{3}$ or Rs 13,216/- per year. As this involved the payment of recurring charges in excess of the provision made in the A.R. estimates of water works of the Utilities, the opinion of the concerned Local Bodies, as regards the desirability of placing the establishment on a permanent basis, as proposed by the

D P H, was called for

96) three statements are prepared and put up on the basis of opinion furnished by the different local bodies

1) showing the names of the local bodies who are in favour of the proposal,

2) showing the local bodies who support the proposal on certain conditions

and 3) showing the names of the local bodies disagreeing with the proposal.

97) It is seen from the above statements, the argument is advanced more in favour of the proposal than against it. In the above circumstances, the proposal of the D P H to make the establishment permanent and to revise the scale of pay of the establishment ~~as follows~~ by classifying the installations as I, II and III as ~~follows~~ noted in the margin may perhaps be sanctioned. The D P H observes that the proposal would obviate the difficulty that is now being experienced in securing trained ~~hands~~ and reliable operating staff and that the uniformity of scales would facilitate transfers in the interests of work and service efficiency would also be improved to great extent

Dated 13th May 1942

To

The Secretary to Government,
Law Department,
Bangalore

Sir,

With reference to your Memo No L 10222 dated 27th April 1942 forwarding for draft replies question No 181 tabled by Mr Hungi Chikanna, Podballapur Urban, at the ensuing Budget Session of the Representative Assembly, I have the honour to furnish the draft replies as follows with a separate note on the subject

(a) Why the rural water supply establishment attached to the Bureau of Sanitary Engineering and working in the Municipalities are being maintained on 'Work Charged Establishment' basis, though the water supply maintenance schemes are of a permanent nature,	When the Bureau was started, the number of installations under ~~the~~ control ~~of the Bureau~~ were few and the number is increasi As they were few, this matter was not considered necessary
(b) Whether they will be pleased to note that it will be conducive to more efficient discharge of duties if the men working on such temporary basis are given secured positions in service in accordance with the provisions of the Mysore Service Regulations with all the privileges that are available to regular Government or local body services,	Will be considered,
(c) Whether they do not think that the case of this important local water supply maintenance staff should have received due attention in the course of the reorganization of the Bureau of Sanitary Engineering ordered in G O No G 5658-727-P H 68-40-1, dated 31st Dec 1940?	

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR OF PUBLIC HEALTH

Note on Establishment employed on various water supply installations in the Mysore State

---

When the Bureau was started, the number of installations were few and gradually the activities of the Bureau have increased, so much so the number of water supply installations under the control of the Sanitary Bureau has now increased to 28 There are altogether only 16 hands which are permanent against the total number 88 employed and as many as 72 are yet being borne under the temporary establishment The work done by these drivers and operators and other staff is of a permanent and responsible nature and in the interest of efficiency, it is essential to immediately bring the whole staff under a permanent establishment and also under a graded scale, so that the staff who are now more of a permanent nature may feel that they can earn increments and get to higher and responsible places with steady and efficient service Many of these temporary hands have already put in a number of years of unbroken service, and are also being transferred from place to place During transfer they do not even get their usual transfer T A admissible by Rules and they are being dealt with at each place as new temporary hands with the result that very great hardship is caused to them The defect deserves consideration and remedy After receipt of approval of Government detailed proposals classifying the stations into first, second and third class stations and fixing up their grades of salary etc will be submitted

No C 827-23 /41-42

Encls 2 Memorandum in duplicate and a copy of letter

IMMEDIATE

Date 22nd February 1943

To

The Secretary to Government,

Law Department,

Bangalore

Sir

Subject - Confirmation of the establishment of the several water supply installations in the State under the control of the Bureau of Sanitary Engineering

With reference to your letter No L 11482 dated 8th June 1942 calling for proposals with regard to the above, and subsequent reminders thereon, I have the honor to forward herewith, in duplicate, a proposition statement showing the present and the proposed cost consequent on the revision of the scale pay proposed for the establishments of the several water supply installations under the Bureau of Sanitary Engineering

There are at present under the control of the Bureau of Sanitary Engineering, including those of the I G F, Vani Vilas & Shimoga Water Works, 32 Water supply installations The staff of Operators and drivers in the I G F, Vanivilas and Shimoga Water works are borne on the permanent establishment of the I G D The services of the other work charged establishment in these water works is not pensionable The services of the operating staff of the other water supply installations (excepting those referred to above are also non-pensionable and their pay is financed entirely by the local bodies

As a preliminary measure it is proposed to bring on the permanent establishment, the operators or drivers, Assistant operators or Assistant drivers, fitters, helpers drawing Rs 16 and above, meter readers and bill collectors The installations are classed as I, II and III according to the amount of their annual maintenance charges

and

and the following grades are proposed on a par with those preval. in similar installations under the control of the P

Class I	Operators	40-4/2-56
	Asst Operators	24-4/2-40
	Fitters	20-1-25
Class II	Operators	40-4/2-56
	Fitters	20-1-25
Class III	Asst Operators	24-4/2-40
	Fitters	20-1-25
	Helpers & meter readers wherever they appear is	20-1-25

The proposal involves a monthly recurring extra cost of Rs 1101 or Rs 13,216 per year Necessary provision on this account togethe with the amount required to meet charges on account of pensions etc calculated at 1/9 of the gross salary will be provided for in the A estimates of the several water works

The confirmation of the staff in the different water supply installation will obviate the difficulty that is now being experienced in securing trained and reliable operating staff The uniformity of scales proposed will facilitate transfers in the interests of work and service efficiency would improve to a great extent

A copy of Sanitary Engineer's letter No 1118 dated 12th February 1943 together with a copy of a statement showing details of different classes of water supply installations into which they are now divided in the proposal is enclosed for the information of Government

I have the honour to be,
Sir,
Your most obedient servant,

Director of Public Health

To Sir,

Sir, I am directed to state that the question of placing on a permanent basis the service of the establishment attached to the water supply works of the Local Bodies which is being continued as work charged establishment was examined in consultation with the D.P.H in Mysore who has stated that the proposal involves the payment by the Local Bodies of recurring charges in excess of the provision now made in annual maintenance estimates of the water works concerned. I am therefore to forward herewith an extract

Please type two extracts of portion marked 'A' & B separately at Flag 'O' with the heading and the other detailing the proportion of the first sheet of the statement

showing the extra cost per month in this accounts and to request you to be so good as to furnish ~~furnish~~ the views of the (1) Mysore City Municipal Council
(2) K.G.F. Sanitary Board
as to their ability and willingness to bear the extra cost

The matter may be kindly treated as urgent and a reply sent before the end of April 1943

Re placing on a permanent basis, the service of the establishment attached to the Water Works of the local bodies of this District

With reference to your letter No L 9629-37/Ml.163-42-19 dated 24/3/1943, calling for opinion in consultation with the Presidents of Tumkur and Kunigal town Municipalities, on the above subject, I have the honour to state that the President, Town Municipal Council, Tumkur, states, the Council are agreeable to the proposal of the Director of Public Health. The President, Kunigal Town Municipality, states, that the Council have resolved that this question can be taken up only if the officials concerned are made subordinates of the Municipality

In regard to the latter proposal, I am of opinion, that the handing over of the control of the Water Works Establishment, to the Municipality , has no bearing on the present question In order to observe uniformity of procedure throughout the State, I am of opinion that the establishment of this Town Municipality may also be kept on a permanent basis and the question of control taken up separately Copies of the resolutions of the Councils are herein enclosed

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Tumkur District

Sir,

Subject - Re Placing on a permanent basis the services of the establishment attached to the Water supply works of the Local Bodies under the Control of the Bureau of Sanitary Engineering

---

With reference to your letter No L 9629-37/L1 163 42-19 dated 24th March 1943, calling for my views ~~on the~~ ~~views~~ on the above subject, I have the horour to state that Mudigere is the only Municipality in this District, where the Water Works are under the control of the Bureau of Sanitary Engineering. The Minor Municipal Council, Mudigere, who were consulted in the matter, of meeting the excess recurring charges, on account of the revision of the scale of pay, grade etc , of the existing staff have resolved at their meeting held on 29th April 1943 that it is not possible to pay more in view of the slender finances of the Municipality

2 In this connection, I may point out that the Municipal Council, Mudigere, are at present incurring

an expenditure of 2,700/- per annum, towards the water supply xxx of the town, which comes to about one-third of the total revenue of the Municipality. From the proposed revision of scale etc., the average increase per annum is 580/- In my opinion the Municipal Council, with their limited resources, are not in a position to bear this additional expenditure for the present.

A copy of the resolution of the Municipal Council, is enclosed for reference.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kadur District

Office of the Deputy Commissioner, Shimoga Dt
Shimoga, dated the 8th June 1943

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
Law Department, Bangalore

Sir,

~~Subject~~ -

With reference to your letter No L 9629-37/M1 163-42-1 dated 24th March 1943, and subsequent reminder letter No L 11778-84 dated 2nd June 1943, in the matter of placing on a permanent basis the services of the establishment attached to the Water Supply Works under the control of the Bureau of Sanitary Engineering and to furnish my views in consultation with the concerned Local Bodies, I have the honour to state that the Water Supply Establishment in respect of the Shimoga and Shikaripur Municipalities is under the control of the Sanitary Engineering Department

The Municipal Presidents concerned were intimated of your letter and were asked to submit the views of the respective Municipal Councils The President, Shikaripur Municipality reports that the Municipal Council are agreeable to the proposed scale and have passed a resolution to the effect that it might be sanctioned (Vide resolution copy enclosed for kind reference)

As the reply due from the Municipal President, Shimoga, has not yet been received, he has been reminded to expedite his report in the matter On receipt of the same a further communication will be made

I have the honour to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,

Office of the Deputy Commissioner,
Kolar District,
Dated, Kolar the 15th June 1943

To

The Secretary to Government of Mysore,
Law Department, Bangalore

Sir,

With reference to your letter No L 1177-284 dated 2-6-1943 reminding me in the matter of furnishing my views on the proposal to place the temporary establishments attached to the different water works in this district on a permanen basis, I have the honour to state, that views of the Municipal Councils of Kolar, Chintamani and Malur called for from the respective presidents are still awaited The Municipal Council of Chickballapur who considered the proposal at their meeting held on 30-4-43 have expressed that they are not in favour of proposal in view of the fact that the work relating to the water works in their town is very much limited

2 I have reminded the Presidents of the remaining Municipal councils to submit the views of their councils in the matter very early and their receipt I shall consider the matter collectively and furnish my views on the question to you without further loss of time

I have the honour to be,
Sir,
Your most obedient servant,

OFFICE OF THE DEPUTY COMMISSIONER,
MANDYA DISTRICT,
Dated, Mandya, the 3rd July, 1943

From

MIR SAFDAR HUSSAIN, Esq , B.A.,
Deputy Commissioner, Mandya District,
MANDYA.

To

C. NARAYANASWAMY NAIDU, Esq , B A , B L.,
Secretary to Government, Law Department,
BANGALORE.

Sir,

With reference to your letter No L 9629-37/M1 163-42 dated 24-3-43 calling for my opinion re the willingness of the Municipalities to bear the extra recurring charges towards the establishment of water supply works, I have the honour to state that Nagamangala Minor Municipal Council is agreeable to bear the extra charge The Municipal Councils of Mandya, Melkote and Seringapatam have pleaded their inability to bear the extra charges The copies of the resolution r received from the above Presidents are enclosed for kind reference

The report called for from the President, Frenchrocks Municipality has not been received A reminder has been issued to-day to the President to expedite his report on receipt of which a further communication will be made

As regards the ability of the Municipal Councils, I write to state that among the Minor Municipalities Nagamangala and Melkote cannot afford in their present financial position to set apart more funds than they are already spending towards the water supply works With regard to Melkote Municipality, the Municipal Council is spending one third of the income towards water supply charges alone The Seringapatam Municipal Council too is not in a position to incur extra expenditure The Mandya Municipal Council may perhaps be able to bear the extra expenditure but they have pleaded their inability

As regards French-Rocks Municipality, I write to state that the Municipal Council have undertaken the drainage scheme for which they have taken a loan of Rs 10,450/- and they have to pay nearly Rs 1,000/- annually towards principal and interest As such, the Municipal Council may not be able to bear the extra cost However I shall submit another report regarding the ability or otherwise of French Rocks Municipal Council to bear the extra cost after hearing from the President

I have the honour to be,
Sir,
Your most obedient servant,

Mir Safdar Hussain

Sir,

Subject -Placing on permanent basis the services of the water works establishment working in the Municipalities

With reference to your No L 9629-37 Ml 163-42-19 dated 24-3-43 on the above subject, I have the honour to state that there is protected water supply only in the Municipalities of Clospet, Doddaballapur, Chennapatna and Hosakote in this district The opinion of the Municipal Councils was called for in the matter The Municipal Council, Doddaballapur have resolved at their meeting held on 25-5-1943 that the question of placing the water supply staff on a permanent basis may be sanctioned provided the powers of supervision are extended to the Municipality The Town Municipal Council, Closept have resolved at their meeting held on 31-5-1943 that the Municipalities may be divided into two calsses- those with an income of 20,000/- and above and secondly

secondly those with an income of ~~Rs 2~~ below Rs 20,000/-
The council is further of opinion that the scale of operator and fitter working in the former Municipalities may be fixed at Rs 40/- in the grade 40-4/2-56 and 20-1-25 respectively and in the latter Municipalities at Rs 30/- in grade 30-4/2- 40 and Rs 15/- in grade 15-1-25 P M The copies of the resolutions referred to are herein enclosed for favour of reference Opinions from the other two Municipalities viz , Chennapatna and Hosakote have not yet been received Stringent reminders have been issued to the concerned Presidents and a further reply will be sent soon after the receipt of their reports

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,

Law Department, Bangalore

SIR,

Placing on a permanent basis the services of the establishment attached to the Water Supply works of the local bodies.

- - -

wel/163-42-19

With reference to your letter No L.9629-37 dated the 24th March 1943 on the above subject, I have the honour to state that the matter was referred to the Presidents of Mysore District Board and the Nanjangud and Krishnarajanagar Municipalities for furnishing their opinion as to their willingness or otherwise to bear the extra recurring expenditure in this behalf The resolutions received from the Municipalities have no bearing on the subject and their opinion has, therefore, been called for.

The President of the District Board, Mysore, instead of sending the resolution of the Board, has stated that speedy action is being taken to install an Electric Pump at Santhemarahally Shandy maidan and that it is likely that there will be thorough alteration in the existing scale of establishment which does not call for the present proposal in the case of Santhemarahalli

The Presidents of these local bodies have been requested to furnish definite opinion of the Board and the Municipalities on the subject to enable a final report being submitted to Government

On receipt of their reply, a further communication will be made on the subject

I have the honour to be,
Sir,

Sir,

In continuation of this office letter of even number dated 15-6-43 re the proposal to place the Water Works Establishments on a permanent basis, I have the honour to state that the Municipal Councils of Chickballapur, Malur and Kolar, have on consideration of the proposals, resolved that the present system may alone continue while the Municipal Council of Chintharani have agreed to the proposal A copy of the resolution of each of these Municipal Councils is herein enclosed for favour of reference

In the interests of efficient working of the Water Works and also in view of the prevailing condition of the members of these establishments, I consider that the proposals of the Director of Public Health may be accepted, though they involve slight increase

p t o

in the expenditure of the different Municipal Councils concerned

86 Managing Committee resolution No 12 dated 26th July 1943, approving of the President's note in the matter of placing the Work-Charged Establishment of the Vani Vilasa Water works on a permanent basis, the note stating that it may continue on temporary basis as at present under the circumstances explained there in, for approval

" PRESIDENT'S NOTE APPROVED"

Sd B S Raghavendra Rao
President

"COPY"

B S Raghavendra Rao

PRESIDENT

snr

Office of the President,
City Municipal Council, Mysore,
Dated 16th July 1943

Note

Re - Placing on a permanent basis the services of the establishment attached to the Water Supply Works of the Local Bodies, which is being continued as Work Charged Establishment

---

The connected papers are annexed The proposals made by the Director of Public Health may be divided into two parts (1) converting the existing fixed scales of pay to a graded scale and (2) making the work establishment permanent

With regard to (1) above, it is seen from the statement enclosed that the graded scale of pay is invariably less than the existing scale, in some cases the men drawing already the maximum pay of the proposed scales and in several cases, mugh higher Therefore, although the proposition may result in a saving on paper, yet as long as the present men continue, there is really no savings at all and it does not appear therefore to be in anybody's interests to change the scale into one which effects no savings but may give rise to dissatisfaction among the employees For instance, a fitter drawing Rs 31/- is proposed to be placed in the grade of pay Rs 20-1-25 The Fitter whose scale of pay is thus reduced has by this proposition nothing to look forward and if anything his efficiency will undoubtedly suffer due to discontent, we would be blocking even any hope he may have in this direction At least at present, he may hope for a revision of pay involving better prospects

Regarding putting these on a permanent basis, as long as there is no difference between the rates of Provident Fund and leave conditions between the Permanent and Temporary employees, it really does not matter whether the establishment is permanent or continues as temporary and for purposes of administration it seems to be better it continues

SIR,

Subject.- Placing on a permanent basis the services of the Establishment attached to the Water Supply Works of the Local Bodies.

In continuation of this office letter of even number dated 12th August 1943 on the above subject, I have the honour to forward herewith copies of the resolutions passed by the Municipal Councils of Nanjangud and Krishnarajanagar in this behalf. The President of the Nanjangud Town Municipal Council reports that the Council is of opinion that the services of the establishment may be placed on a permanent basis but that they are not in favour of paying any amount in excess of their quota Viz.,Rs.4978/- sanctioned in Government Order No.L.8191-93/Ml.127-40-6 dated 14th May 1941, that the extra cost may be met by Government.

The Minor Municipal Council of Krishnarajanagar have resolved at their meeting dated 24th August 1943 that they cannot accept the proposal in view of the fact that the financial condition of the Municipality does not permit them to incur any extra expenditure in this behalf.

In these circumstances, I am not in favour of the proposal.

The President of the District Board, Mysore District has not yet forwarded the Resolution of the Board in this behalf. Soon after it is received the same will be sent.

I have the honour to be,
Sir,
Your most obedient servant,

DEPUTY COMMISSIONER
MYSORE DISTRICT.

Sir,

SUBJECT:- Placing on permanent basis the services of the Water Works Establishment working in the Municipalities

With reference to your letter No L 9629-37 ML 163-42-19 dated 24-3-1943 and in continuation of this office letter of even No dated 2-8-43 on the above subject, I have the honour to forward herewith the resolutions of the Municipal Councils of Channapatna and Hoskote in the matter It will be seen therefrom that the Municipal Council of Hoskote are not in favour of the revision of the scale as it would involve extra cost to the Municipality and also as the work is stated to be going on satisfactorily with the present staff

2) The Town Municipal Council of Channapatna while agreeing to the proposals made by the Director of Public Health have resolved that the control over the water works establishment be transferred to the Municipality This is similar to the views expressed by Dodballapur Town Municipal Council

3) In these circumstances, I recommend that the revision of the scale as proposed by the Director of Public Health may be sanctioned wherever the Local bodies are agreeable to the proposal, the supervision over the staff being vested with the Sanitary Engineering Department as at present The Municipal Councils are at perfect liberty to bring to the notice of the Department any defect in the supply of water or insubordination or negligence of duty on the part of the Staff Officer, water supply establishment

To

The Secretary to Government,
Law Department,
MADRAS

Sir,

Adverting to correspondence ending with your letter I 1760-7 of the 12th August 1943 re the question of placing on a permanent basis, the services of the work charged establishment attached to the water supply works of Local Bodies, I have the honour to state that the subject again came up for consideration before the Board at their meeting held on the 20th August 1943, in which the Sanitary Engineer, Bureau of Sanitary Engineering was also present. The Sanitary Engineer explained that out of the several establishments detailed in the statement accompanying our letter No. I 6000-1/Mill 3-42-20 dated 3-4-1942, the only establishment that is now being maintained at the cost of the Sanitary Board is the staff consisting of 3 fitters (one on Rs 25/- and 2 on Rs 20/- each, and 1 Mill Collector and Water Dealer on Rs.23/-), that the extra cost involved by the revision of this establishment, so far as the Sanitary Board is concerned would be only Rs 55/- per annum by way of increase in establishment charges and Rs 10-8-0 per annum by way of pensionary contribution. In view of this, the Board have resolved that they are agreeable to the proposed revision and to bear the extra cost involved.

A copy of the Board's resolution is submitted herewith as desired.

I have the honour to be,
Sir,
Your most obedient servant,

Tuman Mr el

The Mr el has resolved that the yearly fees of the Tuman fitters might be fixed to Rs 20-1-15 each if this establishment be made permanent

appears to be this view

Solar Ajal
Shikarpur

The Mr el is ~~[illegible]~~ resolved ~~that~~ against the proposal in view of the fact that the work relating to the water works of the Tuman is very much limited

Kolar Dist - (contd)

1. Kolar Town Mun Cl	It ~~[illegible]~~ resolves that the ~~present~~ system may continue	
Malur Mun Cl	Resolves against the proposal and in favour of the present arrangement	
2. Chintamani Town Mun Cl	The Mun Cl is agreeable to the proposal in question	
6. Chikkaballapur Dist		
1. Chikkaballapur Town Mun Cl	The Mun Cl is agreeable to the proposal in question	The D.C supports the proposal of the Mun. Cl
7. Mandya Dist		
1. Nagamangala Town Mun Cl	The Mun. Cl is agreeable to bear the extra cost in this behalf	~~The~~ The D.C also supports the President in the matter

(The President is against the proposal & the reports that the resolution of the Mun Cl may not be sanctioned owing to the fact that the financial position of the Mun Cl does not admit extra cost in this behalf)

b Mannargudi Municipal Council Seringapatam Municipal Council Madikeri Municipal Council Mysore Municipal Council	These three Municipal Councils plead their inability to bear the extra cost	The D C observes that the Seringapatam and Madikeri Municipal Councils cannot afford in their present financial position, to bear extra cost in this behalf, and he states that the Mannargudi Municipal Council can bear the extra cost
c French Rocks Municipal Council	The Municipal Council is agreeable to bear the extra cost and is in favour of the proposal	The D C is of opinion that the present financial position of the Municipal Council does not permit of any extra cost being borne by the Municipal Council in this behalf
8. Bangalore Dist a Doddballapur Town Municipal Council	Resolves that the proposal may be sanctioned only if the powers of supervision of the water works are transferred under their control	
b Closepet Town Municipal Council	Resolves that the utilities may be divided into two classes:- a) those with an income of Rs ~~[illegible]~~ Rs 20,000/- and above.	

Bangalore Mil (cont) Chapel Tum Mil	and (b) those with an income of ~~Rs~~ below Rs 20,000/- the scale of the operator and fitter in the former mill, the Mil el resolves, may be fixed at Rs 40/- in the grade of 40-4/2-56 and 21-1-25 respectively and in the latter mill ie in (b) at Rs 30/- in grade of 30-4/2-40 and Rs 15/- in grade of 15-1-25/- respectively permanent	(2) The D c Bangalore is of opinion that the proposal of the Director of P H may be sanctioned, wherever the local Bodies are agreeable to the proposal, the supervision of the staff being vested in the Bureau of Sanitary Engineering The copies of the Mil el's resolutions have not been sent by the D c
c Hoskote Mil-el	Are not in favour of the proposal, as it would involve extra cost to the Mil el and also as the work is stated to be going on satisfactorily with the present staff	
d Chamarajpet Mil el	Are agreeable to the proposal provided that the control of the water works establishment be transferred to their control	

Mysore District		
Nanjunagud. Trichinopoly	Are in favour of the proposal of placing the establishment on a permanent basis, ~~but they~~ but they resolve that the extra cost may be met by govt	The D.C. does not support the proposals of the Municipalities
Krishnagiri Trichinopoly	They are not in favour of the proposal, as their financial position does not permit them to incur any extra expenditure in this behalf	
Mysore Dist Board	They are not in favour ~~of the proposal~~	~~Municipalities to give their opinion~~

Lighting city Board

Resolves that the present system may continue, for the reasons stated in the note accompanying the president's letter

1) K & F Sanitary Board

The Board is agreeable to the proposal in preliminary and they are prepared to meet the extra cost in this behalf

~~I~~ statement showing the names of the municipal councils who are in favour of the proposal

1 Tiruchirapalli Town municipal council

2 Hassan Town "

3 Arsikere Town "

4 Holenarsipur Town "

5 Sakleshpur Town "

6 Kalgudi municipal council

7 Shikarpur Town municipal council

8 Sultanpur Town municipal council

9 Chitaldrug Town municipal council

10 Nagamangala municipal council (But the President was against the proposal of the municipal council in view of the unsatisfactory financial position of the municipal council (the D.C. also supported the President's opinion)

11 French Rocks municipal council (the D.C. is of opinion that the financial position of the municipal council does not permit of any extra cost being borne by the municipal council in this behalf)

K.C.7 Sanitary Board

~~II~~ statement showing the names of the municipal councils supporting the cause

P.T.O.

Statement showing the mt cls supporting the cause on certain conditions

Name of the mt cl	condition
Konanur minor mt cl —	Are agreeable to the proposal, but reports that the scale proposed by the D P H be still reduced in view of the unsatisfactory financial position
Shimoga Town mt cl —	The mt cl resolves that the grade pay of the three fitters of the local water works be fixed to Rs 20-1-25 each and the establishment made permanent
Doddballapur mt cl —	Resolves that the proposal may be sanctioned only if the powers of supervision of the water works is transferred to its control
4 Closepet mt cl —	Resolves that the utilities be divided into two classes — a) Those with an income of 2000, b) others with an income below 20,000/= the scale of pay of the operator and fitter in the former utility may be fixed at Rs 40 in the grade of 40-4/2-56 and 21-1-25 respectively and in the later utilities i.e. (b) at Rs 30/= in grade of 30-4/2-40 and Rs 15/- in grade of 15-1-25/- respectively

5) Thiruvaiyaru Municipality — The Municipality is agreeable to the proposal provided the control of the water works establishment be transferred to their control.

6) Nanjangud Municipality — are in favour of the proposal of placing the establishment on a permanent basis, the entire extra cost being borne by the port

III

Statement showing the names of the Municipalities who are against the proposal.

Names of the Municipalities	Causes for not accepting the proposal
Hadagalli Municipality —	Resolves that it is not possible to pay more towards the excess recurring charges on account of revision of the scales of pay of the employees on account of the slender resources of the Municipality
2) Kurugodu Town —	Resolves to consider the question only after the establishment of the local water works is made subordinate to the Municipality

Letter No.1118 dated 12th February 1943 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

Re Confirmation of the staff attached to the several water supply installations under the charge of the Bureau of Sanitary Engineering -

With reference to your letter No 3 327-12 dated 16th June 1942 and the subsequent reminders ending with No 3 827-21 dated 23th December 1942, forwarding for report copy of letter No 11482 dated 8th June 1942 from the Secretary to Government, Law Department to you, regarding the above, have the honour to state as follows

There are at present under the control of the Bureau of Sanitary Engineering including those of the and Vani Vilas Water Works, 52 water supply installations In respect of the water supplied at , Vani Vilas Water Works and Shimoga the staff of operators and drivers are borne on the permanent establishment of the Chief Engineer In these water works there is also the work Charged establishment whose services are not pensionable The operating staff attached to the other water supply installations which are entirely financed by the local bodies are also on the non-pensionable basis The cases of these hands whose services continue from year to year and who under the present rules are not entitled to any consideration on retirement are pitiable, particularly since they have put in a number of years of service and are being continued just like their other borthern employed on permanent water supplies considering the importance of the work they are entrusted with, and the continuity of their service, it seems desirable to give them the benefit of service under Government such as title to draw leave allowances, pension or gratuity as the case may be which under rules can be done only if they are declared as permanent employees There does not seem to be any difficulty to absorb them permanently since all the water supply stations are now a permanent feature and the staff will have to be continued permanently

The staff attached to the several water supplies consist mainly of operators, or drivers, assistant operators or asst.drivers fitters, helpers, cleaners, meter readers, bill collectors and sweepers etc as a preliminary measure it is proposed to bring on the

permanent establishment the services of operators or drivers, Assist operators or Assistant drivers, fitters, helpers drawing 16/- and above, meter readers and bill collectors or this purpose the several water supplies are classified as I, II and III class installations according to their importance based on the annual maintenance cost (vide statement A) and therefore a sliding scale of pay is provided so as to facilitate transfers, etc

It is proposed to provide the following scales of pay -

Class I	Operators	40-4/2-56
	Asst Operators	24-4/2-40
	Fitters	20-1-25
Class II	Operators	40-4/2-56
	Fitters	20-1-25
Class III	Asst Operators	24-4/2-40
	Fitters	20-1-25
	Helpers and meter readers wherever they appear	20-1-25

These proposed grades are in accordance with the grades sanctioned for installations under the control of the Public Works Department A proposition statement showing present cost and what it would be after revision is worked out and is enclosed, (statement B)

The statement brings out the present and the proposed strength with the resultant changes in pay in respect of those members only who are proposed to be brought on the permanent cadre The sanction to the above proposal involves a monthly recurring extra cost of Rs 1101 ⅓ or Rs 13,216/- per year Necessary provision on this account together with the amount required to meet charges on account of pensions etc calculated at 1/9th of the gross salary, will be provided for in the A.E. estimates of the several water works It is to be stated that account of the disabilities attendant on temporary tenure of work it is very difficult to get trained and reliable operating staff for these installations and as such, the costly machinery of these water supplies would depreciate rapidly leading to breakdowns, costly repair charges, and irregularity of supply to towns If the above proposal of making the hands permanent is accepted the service efficiently would improve and the small extra cost would easily be offset against heavy repair charges Also, it is to be stated that the pay now paid is so low that trained staff are resigning and seeking lucrative jobs in the

military and Aircraft, so much so that in some stations the place is vacant and in others untrained men are forced to be employed which may lead to serious breakdowns and damage to machinery In the Representative Assembly also repeated representations are being put up for absorbing this staff on a permanent basis As such, in the interest of economy and efficiency Government may kindly be moved to accord their sanction to the above proposals urgently and also to the confirmation of the services of the staff comprised in it In the event of Government approving the above proposal, it will be a question for further consideration if the concessions referred to above may not be extended to the employees of stations that are under the control of the local bodies

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

R E A D -

Correspondence ending with letter No C 827-23/41-42 dated 22nd February 1943 from the Director of Public Health in Mysore forwarding proposals in regard to the confirmation of the establishment of the several water supply installations in the State under the Bureau of Sanitary Engineering

2. Letters from the Deputy Commissioners of Districts, the President, City Municipal Council, Mysore and the President, K G F Sanitary Board on the subject

ORDER NO L-12002-17-ML-163-42-55

BANGALORE, DATED 12 ~~APRIL~~ June 1945

Print as S o

The question of placing on a permanent basis the services of the establishments attached to the water supply works of the Local Bodies under the control of the Bureau of Sanitary Engineering, which is being continued as work-charged establishment has been under the consideration of Government for sometime past

There are at present 32 water supply installations under the Bureau of Sanitary Engineering including those of the K G F , the Vani Vilas Water Works at Mysore and the Shimoga Water Works The staff of operators and drivers of the K G F , the Vani Vilas and the Shimoga Water Works are borne on the permanent establishment of the Public Works Department The services of the other work-charged establishment in these three water works as also of the operating staff in the other water supply installations are neither permanent nor pensionable and the pay of such staff is entirely borne by the Local Bodies concerned

The Director of Public Health proposes to place on a permanent basis the services of the operators, drivers, assistant operators, assistant drivers, fitters and helpers drawing a pay of Rs.16/- and above, meter-readers and bill collectors and to revise the scale of their pay by classifying the installations as class I, II and III as noted in the margin*) according to the amount of the annual maintenance charges of each installation ~~local body~~.

*) CLASS I

Operators ..	Rs.40-4/2-56

11 The French Rocks -- do --
12 The K G F Sanitary Board.

Government have examined the question in all its aspects and they agree with the views expressed by the Director of Public Health that the revision of the scale of pay proposed would obviate the difficulty that is now being experienced in securing trained hands and reliable operating staff and the

uniformity of scales would also facilitate transfers and improve considerably the efficiency of service This arrangement would bring these officials on a par with those employed in the Public Works Department They are accordingly pleased to sanction as proposed above the revision of the scale of pay of the establishments attached to the water supply installations of the 12 local bodies who have agreed to the same, with effect from 1945-46 and also to direct that their services be treated as permanent

The Deputy Commissioners of the Districts concerned are requested to arrange for the necessary provision being made in the budgets of the respective Local Bodies to meet the extra cost involved on this account from the next official year and onwards PP Government hope that the other Local Bodies would erelong recognize the need for falling in line with the aforesaid Local Bodies in this behalf and agree to the adoption of the revised scale in respect of the water supply installations under their control

ORDER NO. L-12 002-17-MU-163-42-55

DATED, BANGALORE, THE MAY 1945

The question of placing on a permanent basis the services of the establishments attached to the water supply works of the Local Bodies under the control of the Bureau of Sanitary Engineering, which is being continued as work-charged establishment has been under the consideration of Government for sometime past

There are at present 22 water supply installations under the Bureau of Sanitary Engineering including those of the K.G.F., the Vani Vilas Water Works at Mysore and the Shimoga Water Works. The staff of operators and drivers of the K G F., the Vani Vilas and the Shimoga Water Works are borne on the permanent establishment of the Public Works Department. The services of the other work-charged establishment in these three water works as also of the operating staff in the other water supply installations are neither permanent nor pensionable and the pay of such staff is entirely borne by the Local Bodies concerned

The Director of Public Health has proposed to place on permanent basis the services of the operators, drivers, assistant operators, assistant drivers, fitters and helpers drawing a pay of Rs.16/- and above, meter-readers and bill collectors and to revise the scale of their pay by classifying the installations as class I, II, and III as noted in the margin according to the amount of the annual maintenance charges of each installation.
